

Family & Friends Connection update

At the April meeting of the Family and Friends Connection, Mile Bluff Medical Center's Organ and Tissue Procurement Team chairperson, Reverend Jeff Fairchild, informed us about organ and tissue donation.

Now more than ever, it is important to educate everyone on the importance of organ and/or tissue donation. When just one individual decides to donate organs and/or tissue, there is a possibility to have a positive impact on up to 75 people.

As part of the meeting, Reverend Fairchild handed out information from the University of Wisconsin Organ Procurement Organization, RTI Donor Services (*a tissue donation group*) and Lion's Eye Bank (*an eye donation*

organization). He also discussed the differences in signing up on-line as a registered donor and using the orange dots on drivers' license. Beginning March 29, the presence of an orange dot on a drivers' license provides consent of organ donation, and families cannot overrule this decision. However, to ensure that your wishes are followed, you are encouraged to register on-line as an organ donor at www.YesIWillWisconsin.com.

If you would like more information or have further questions on how to sign yourself or a loved one up to be an organ and/or tissue donor, feel free to contact Reverend Jeff Fairchild at 608-847-1285.

Plan to attend the next Family and Friends Connection meeting at Crest View on Wednesday, July 14 from 2 to 3 pm. One of Mile Bluff's social workers, Judy Bessac, will be the guest speaker. She will discuss "Coping with anxiety and depression." Hope to see you there!

JUNE EVENTS AT CREST VIEW
