

ABOUT THE FOUNDATION

Golf outing gives back to the community!

Proceeds from the golf outing are just one of the many ways Mile Bluff Medical Center Foundation strives to impact the health of the community by supporting the medical center. By golfing with us, you are assisting Mile Bluff in bringing the latest technology, advanced services and best care possible to our patients.

This year, Mile Bluff has several exciting projects on the horizon that will expand the care that we provide to patients, including:

- A new cancer care & infusion department
- Remodeled labor and delivery suites in our birth center which include specialized tubs for water births
- Remodded nuclear medicine area in the Medical Imaging Department including new imaging equipment
- Much more!

With your support, the foundation will continue to provide:

- Support for high-quality care for patients
- State-of-the-art equipment and technology
- Scholarships, education and training for current and future healthcare workers
- Community classes and programming
